

# CHURCH WILNE

## Water Sports Club

### Cutting Edge Competition

Cotswold Waterski are hosting the 2017 Cutting Edge Comp this year and we will be sending down a team to compete. If you are 16 or under - no matter what your skill level or discipline - you can take part. Everyone is, of course, welcome to support the CWWSC team.

### Splash Day Sunday 3rd September

Put this in your diary, Splash day is approaching... don't miss it!

Fun, food and Frolics galore!

If you would like to help or have any ideas then please let us know. We will also be holding an 'in house' children's competition to get the kids involved too.

Note: the main lake will be out of use during the activities.

### SBDA Photos

If you completed your SBDA Course at CWWSC we are not able to send off for your Licence without a Passport Photo. If you've done this already your form is being sent and your Licence will be with you soon. If not then please let us have a photo ASAP. Thanks.

### Counter Crew - THANKS

Thank you to the Counter Crew who have settled in and are doing a great job of smiling and keeping the counter running smoothly... THANK YOU ..... Tom Youd, Ben Mulnier, Molly Ashdown, Steph Cope, Charlotte Nichols... nice things have been said about you :-)

### Licence to Thrill!

Have you got yours? We need to make sure that everyone driving a boat on the lake has their SBDA Licence

Please check the list to be sure that your name appears. The list is being sent with the newsletter by email and is on the Notice Board in the Clubhouse.

There are some members in the process of sending off their RYA Licences to the BWSW - please do remember to get these off ASAP. There are others who have completed the SBDA with CWWSC and your paperwork is in process so we have added you to the list.

If you are not on the list then we need to have a copy of your Licence so we can update the records otherwise you will need to complete the course.

The next course is being run on Saturday the 15<sup>th</sup> July kicking off at 8am (bring your bacon butties) in the Club House - places are limited so please book early. Email or book with the Counter Crew. [news@churchwilne.co.uk](mailto:news@churchwilne.co.uk)

## Lake Cam's - Tournament Lake Cam coming soon

The second Lake Cam - overlooking the Tournament Lake will hopefully soon be in place - so keep your eyes peeled on the website. Plenty of positive comments about the current main Lake Cam and the Weather Station which are both being put to good use by members wondering whether or not to make the trip.

## Rubbish and Recycling

It is no fun picking up rubbish after a busy weekend when everyone has gone home. If everyone makes sure their rubbish finds a bin it will prevent any of it from finding its way into the lake.

We will soon have green recycling bins for MIXED RECYCLING - this means that they can take clean cardboard, paper, plastic, glass and tins. All other rubbish in the black bins please.

## First Aid Reminder

Fancy becoming a First Aider - the club will be running another course soon and all members are welcome to join us. There is no cost for volunteers otherwise it will cost in the region of £30 a head. Register your interest by emailing [news@churchwilne.co.uk](mailto:news@churchwilne.co.uk)

## Coaching Update

Brett Hodgkins – Coach Extraordinaire – makes a welcome return to the club on the 8<sup>th</sup> July. 20 minute coaching sessions are available at £20 each – well worth it because the words of wisdom that Brett can give you will make a difference. You can book your slot with the Counter Crew.

## Bow Rider Rule Update

Good News ..... Got a Bowrider?

You are now able to use your Bow Rider and you can accommodate passengers in this area BUT please make sure your spotter is sitting, in the spotters seat, next to the driver. In other words your spotter cannot be in the Bow section of your boat.

We would urge you all to please take extra care when you have passengers in the bow (especially children) making sure that they are all holding on firmly and that the driver is not being distracted.

## Was that Summer?

A bow-rider being put to good use - just look at the blue water and blue skies... yes... this is CWWSC at its best.

## And for safety's sake.....

### DDPA

Distance, Decisive, Positive, Action

If you are following another boat with a rider then, as the driver, please be focussed entirely on that rider in front of you. As soon as they fall (immediately) you should change course to make it really OBVIOUS that you are taking avoiding action. This lets the rider who has fallen and their driver know that you have seen them.

### Tubers

Please use the middle of the lake only and please do not have riders in your tubes when leaving or returning the tick over area - they should only get in the tubes once in the centre of the lake and you are about to start your ride.

### All Riders

When you fall - it's a good idea to put your hand in the air above your head. This makes you more visible to other water users and also lets your boat know that you are OK.

## Recycling

Coming to a lake near you soon! When you see the green bins it is time to recycle.

## Lake Rules Reminder

To keep everyone riding and safe on those hot sunny days here are a few reminders of important lake rules for Drivers and Spotters

- 1) The take off Jetty and the Jetty next to it is the waiting area, if there is a boat or boats there please queue in the tick over zone.
- 2) If there is a boat in the waiting area please only do 2 laps or 20 minutes whichever comes sooner.
- 3) Please don't swap riders in the water, return to the tick over area, join the queue and await your turn.
- 4) Put your hand up when returning to the dock so waiting boats can get ready to go. Please put your hand up high and in good time.
- 5) There is a maximum of four boats plus the club boat to be on the water at any one time. Please be aware that at times there may also be a boat returning from the Tournament lake, they will follow the usual course around the lake.

## Kit Store

As you may have noticed the Blue Container has been completely re-racked. There was a lot of kit in this Container and some of it had obviously not been used for a long, long time. If you cannot find a bit of kit don't worry - it has not been thrown out - you will find it in the

Green Container or the Boat Shed.

If you want to store your Tubes at the lake please use the Green Container leaving the Blue Container for boards, skis and the club wetsuits.

## Get In Touch

Got anything you want to sell? Got anything you want to say? Got any good photos we can use? Send it all to [news@churchwilne.co.uk](mailto:news@churchwilne.co.uk)  
THANKS

## Camping and BBQ'ing

Thank you to all the members camping and caravanning, it is so good to see everyone enjoying the all the club has to offer. To keep it good for everyone over the summer please remember that the grass is not fireproof :-). If you are BBQ'ing then please use the designated BBQ's or the concrete blocks set into the grass. It takes a long time to recover if it gets damaged.

If you are camping then feel free to use the tables and chairs from in front of the clubhouse but please return them to save someone else having to do this at the end of the weekend, this way the grass can be cut and the club kept clean and tidy.

Please also take your own equipment home and do not leave it in the camping area.

The grass area immediately in front of the lake needs to be kept clear so that everyone can enjoy this and people returning from the beach landing area can make their way back.

Cars can be parked as far back as possible leaving room for tents and seating.

Finally, as detailed elsewhere, you will soon find the new bins and recycling bins available around the whole site which will help keep all areas tidy and smart.

**If your name does not appear on this list then you may not have a valid SBDA Licence. See 'Licence to Thrill' on page 1 of the July Newsletter. Thanks.**
